## **CMS: present status, limitations and upgrade plans**

*Thursday 9 June 2011 17:00 (30 minutes)*

An overview of the CMS upgrade plans will be presented. A brief status of the CMS detector will be given, covering some of the issues we have so far experienced. This will be followed by an overview of the various CMS upgrades planned, covering the main motivations for them, and the various R&D efforts for the possibilities under study. Finally a possible upgrade schedule will be presented.
