# Measurements of Higgs boson production in decays to two tau leptons with the ATLAS detector

*Thursday, 21 October 2021 16:30 (10 minutes)*

Testing the couplings of the Higgs boson to leptons is important to understand the origin of lepton masses. This talk presents measurements of Higgs boson production in Higgs boson decays to two tau leptons based on pp collision data collected at 13 TeV.

**Primary authors:** ATLAS COLLABORATION; RIU, Imma (IFAE Barcelona (ES))

**Presenter:** SAUERBURGER, Frank (Albert Ludwigs Universitaet Freiburg (DE))

**Session Classification:** Parallel: Precision and Properties

**Track Classification:** Higgs-boson properties
