Measurement of the Higgs cross sections in the $H \rightarrow ZZ \rightarrow 4l$ channel at CMS

Thursday, 21 October 2021 15:20 (10 minutes)

The talk will present the Run2 legacy measurement on Higgs cross-sections (STXS, fiducial, and differential) in the $H \rightarrow ZZ \rightarrow 4l$ performed by the CMS collaboration.

Primary author: CMS

Presenter: ELMETENAWEE, Walaa (Universita e INFN, Bari (IT))

Session Classification: Parallel: Precision and Properties

Track Classification: Higgs-boson precision physics
