

Session Program

20-21 May 2021

1st Muon Community Meeting

HEC

Zoom

Thursday 20 May

14:00

HEC

Session | Location: Zoom

14:00-14:10 **Short introduction**

Speaker

Dr Antoine Chance

14:10-14:35 **Overview of magnet needs for a vFFA for a skew collider ring**

Speaker

Shinji Machida

14:35-15:00 **Overview of magnet needs for a RCS**

Speaker

J. Scott Berg

15:00-15:25 **Overview of magnet needs for a muon collider**

Speaker

Christian Carli

15:25-15:40 **Discussion**

Speaker

Everybody

16:10-17:10 **Joined session with RF and BD in RF room**

17:15-18:15 **Joined with MDI and RPOT in RPOT room**

18:20-19:00

Joined with BD (in HEC room) with a short talk (~ 10 min) from Jean-Baptiste Lagrange about the needs in simulation tools for a vFFA

Speaker

Jean-Baptiste Lagrange

20:00
