

International Workshop on Cosmic-Ray Muography (Muography2021)

Friday 26 November 2021

Applications - Het Pand, Zaal August Vermeylen (09:00 - 10:20)

-Conveners: Giovanni Macedonio

time	[id] title	presenter
09:00	[42] Thoughts about an ideal validation environment for muography applications	Mr JOUTSENVAARA, Jari
09:20	[43] Civil Infrastructure Monitoring using Muon Radiography	STEER, Chris
09:40	[15] Imaging of the inner zone of blast furnaces using the muon radiography: the BLEMAB project	Dr GONZI, Sandro
10:00	[24] Application of muography to the industrial sector	Mr ORIO, Aitor MARTINEZ RUIZ DEL ARBOL, Pablo

Applications - Het Pand, Zaal August Vermeylen (10:50 - 12:10)

-Conveners: Giovanni Macedonio

time	[id] title	presenter
10:50	[21] The use of muon radiography in the verification of nuclear geological disposal facilities	F. THOMPSON, Lee
11:10	[29] Muon Tomography Applications for Nuclear Waste Management and Decommissioning in the UK	Dr RYAN, Matthew
11:30	[54] SilentBorder project: a new generation of custom and security scanners	KIISK, Madis
11:50	[23] Simulation Study of Reinforced Concrete Blocks With Muon Imaging Techniques	Dr YANG, Guangliang
