

EP R&D Software

Graeme and Jakob

Conferences, Papers and Acknowledging R&D Support

- vCHEP2021
 - Reminder: we should put relevant talks onto the website as presentations
 - Ditto for when vCHEP papers are accepted / published
 - N.B. In advance of EPJ publication the paper can go onto Zenodo or to arXiv
- ACAT2021
 - Call for abstracts for ACAT **extended** until 29 August
- CHEP2022
 - 16-20 May 2022
 - Abstract submission opens 16 August (closes 19 November)
- Reminder: If you are writing or presenting work which benefited from EP R&D support we would like to ask that you include a statement like the following
 - *This work benefited from support by the CERN Strategic R&D Programme on Technologies for Future Experiments ([CERN-OPEN-2018-006](#))*

Personnel News

- Rui Reis started as a CERN summer student for the analysis task:
Visualization of RNTuple performance counters (supervised by Javier)

This Meeting and Future Ones

- Today we look at progress in the analysis task
- Confirmed next meetings after the summer
 - 22 September - fast simulation: <https://indico.cern.ch/event/1059467/>
