

## ATLAS Educational Printables: from coloring books to cheat & fact sheets

*Tuesday, 13 July 2021 15:00 (15 minutes)*

The ATLAS Collaboration has developed a variety of printables for education and outreach activities. We present two ATLAS Coloring Books, the ATLAS Fact Sheets, the ATLAS Physics Cheat Sheets, and ATLAS Activity Sheets. These materials are intended to cover key topics of the work done by the ATLAS Collaboration and the physics behind the experiment for a broad audience of all ages and levels of experience. In addition, there is ongoing work in translating these documents to different languages, with one of the coloring books already available in 18 languages. These printables are prepared to complement the information found in all ATLAS digital channels, they are particularly useful in outreach events and in the classroom.

### Are you are a member of the APS Division of Particles and Fields?

No

**Primary author:** LE BOULICAUT, Elise Maria (Duke University (US))

**Co-authors:** RODRIGUEZ VERA, Ana Maria (York University (CA)); ANTHONY, Katarina (Universita degli Studi di Udine (IT)); GONZALEZ SUAREZ, Rebeca (Uppsala University (SE)); MEHLHASE, Sascha (Ludwig Maximilians Universitat (DE)); VELHO, Mariana (Universidade Nova de Lisboa (PT))
