

# 2021 Meeting of the Division of Particles and Fields of the American Physical Society (DPF21)

## Monday, 12 July 2021

### Cosmology and Dark Energy: COS 1J - Track J (14:30 - 16:00)

-Conveners: Rachel Yohay; Kevin Huffenberger

| time  | [id] title  | presenter           |
|-------|---|---------------------|
| 14:30 | [71] Dark Energy Spectroscopic Instrument: Science Overview         | FONT-RIBERA, Andreu |
| 14:45 | [96] Dark Energy Spectroscopic Instrument: Instrumentation Overview | Prof. MARTINI, Paul |
| 15:00 | [408] Dark Energy Spectroscopic Instrument: Data Overview           | GUY, Julien         |
| 15:15 | [406] Cosmological Measurements of Massive Light Relics             | XU, Linda           |
| 15:30 | Break   |                     |

### Cosmology and Dark Energy: COS 2J - Track J (16:15 - 17:45)

-Conveners: Alexander Joseph Wade; Barmak Shams Es Haghi; Sridhara Dasu

| time  | [id] title  | presenter       |
|-------|---|-----------------|
| 16:15 | [155] Massless Preheating and Electroweak Vacuum Metastability                      | KOST, Jeff      |
| 16:30 | [114] Massive Neutrinos and Dark Sector Cosmology from the High-Redshift Cosmic Web | ROSSI, Graziano |
| 16:45 | [77] Warming Up Cold Inflation  | KALIA, Saarik   |
| 17:00 | Break   |                 |
