

Welcome to

XXVIII Cracow EPIPHANY Conference

on Recent Advances in Astroparticle Physics

10-14 January 2022

- 122 participants
- 97 presentations
 - ✓ 48 invited talks
 - ✓ 49 contributed talks, including 28 talks in Young Scientist's Sessions

Each day we have 2 morning sessions with a coffee break and two afternoon/evening sessions with a coffee break.

Every day (except Friday) about 2 hours lunch break.

With so many contributions the schedule is pretty tight - **Speakers are requested to keep to the allotted times**

Talks will not be recorded. Conference materials will be available as PDF/PPT/KEY contributions on the conference Indico.

All speakers are requested to upload **public versions** of their talks to Indico to enable participants from different time zones to follow.

These materials will be also available **open-access** after the conference.

If you are unable to upload your talk - please send it to epiphany22@ifj.edu.pl

Timetable is on indico (use Detailed View):

Abstracts are listed in Book of Abstract:

<https://indico.cern.ch/event/1034990/book-of-abstracts.pdf>

Zoom etiquette:

- Please **identify yourself with full name** (use Rename by right-clicking on your name to change)
- Please **mute your microphone** upon joining the meeting
- Questions can be asked after each presentation - please **Raise Hand** if you want to ask a question and wait for a convener to give you the floor

As time for questions after presentations is limited extended discussions will be possible in:

- **Breakout Rooms** that will be **open during coffee breaks and lunch breaks**
- on **Slack** - all time during (and after) the conference

Slack:

If you have not yet joined just sign in into the channel:
