

# XXVIII Cracow EIPHANY Conference on Recent Advances in Astroparticle Physics

## Wednesday, 12 January 2022

### Laboratory astrophysics (12:05 - 13:15)

-Conveners: Masahiro Hoshino

time	[id] title	presenter
12:05	[35] Transport of Charged Particles through Spatially Intermittent Turbulent Magnetic Fields	GREGORI, Gianluca
12:45	[82] Exploring the current filamentation/Weibel instability in laboratory scenarios with relativistic beams	SILVA, Luis
