

XXVIII Cracow EIPHANY Conference on Recent Advances in Astroparticle Physics

Thursday, 13 January 2022

Gamma ray astronomy IV/Heliophysics (17:55 - 18:55)

-Conveners: Petra Huentemeyer

time	[id] title	presenter
17:55	[91] Recent very-high-energy (VHE) results on pulsars and pulsar wind nebulae (PWN)	VENTER, Christo
18:25	[49] Interpreting the GeV and TeV pulsar emission	KALAPOTHARAKOS, Constantinos
18:40	[73] Unresolved questions about the heliosphere	RATKIEWICZ, Romana
