Welcome to the ...

Muon Collider Physics and Detector Workshop

2 June 2021 → 4 June 2021

2 PM CEST → ~ 7 PM CEST

The Organisers:

Nathaniel Craig
Donatella Lucchesi
Federico Meloni
Daniel Schulte
Andrea Wulzer

Sergo Jindariani
Fabio Maltoni
Cristina Riccardi
Michael Spannowsky

Why are we here?

1. Muon Colliders physics is great

We like to talk about that

2. Planned studies of Muon Colliders feasibility

Physics & Detectors needs parallel development

3. The Snowmass 21(22) Process

To which we can contribute and we can exploit
