

# Chamonix 2011 LHC Performance Workshop

## Thursday, 27 January 2011

### Session 08 High Luminosity (HL-LHC) (17:00 - 19:40)

-Conveners: **Lucio Rossi; Riccardo De Maria**

time	[id] title	presenter
17:00	[46] Do we really need the LHC luminosity upgrade? Or, which performance can we get without an upgrade?	BRUNING, Oliver
17:30	[48] Breaching the Phase I optics limitations for the HL-LHC	FARTOUKH, Stephane
18:00	[47] HL-LHC: parameter space, constraints and possible options.	Dr ZIMMERMANN, Frank
18:30	Break	
18:40	[49] Expectations on Management and Performance Evolution: Lessons from Tevatron and Other Colliders.	Dr SHILTSEV, Vladimir
19:10	[50] Alice and LHCb in the HL-LHC era.	BERTOLUCCI, Sergio
