

Session Program

31 May 2021

**3rd Townhall Meeting High Gradient
Accelerator Plasma/Laser**

Facilities

Monday 31 May

09:10

Facilities: All talks 10' + 5'

Session | **Location:** | **Conveners:** Patric Muggli, Andrea Latina

09:10–09:20

High gradient acceleration at the CLARA Test Facility

Speaker

Edward Snedden

09:25–09:35

Particle Physics possibilities with AWAKE-like technology

Speaker

Allen Caldwell

09:40–09:50

High quality beam-driven plasma acceleration and FEL

Speaker

massimo ferrario

09:55–10:05

High intensity laser facility for High gradient accelerator development

Speaker

Moana Pittman

10:10–10:20

Preferred machine for testing a laser plasma accelerator at CERN: CERN eSPS

Speaker

Robert Rossmanith

10:25–10:35

Discussion

10:40
