

Tier 1/Tier 2 discussion points

- Analysis job tuning
 - Should US Atlas work to tune/monitor all types of analysis jobs
- Analysis job toolkit
 - Tier 1/Tier 2/Tier 3 need collection of “standard analysis jobs”
 - Where does the labor come from?
- Data transfer to Tier 3's
 - TofA or no TofA - what do Tier 1/Tier 2 site want
 - Is DQ2-get w/ fts sufficient (limited number of people per site can transfer data sets)
