

Session Program

1 July 2021

Experimental and theoretical studies of ttW

ttW

Thursday 1 July

15:00

ttW

Session | **Location:**

15:00–15:15 **A study of the tt+W background modelling for ttH analyses**

Speaker

Joshuha Thomas-Wilsker

15:15–15:30 **Updated study of FxFx merging for the ttW process**

Speaker

Ioannis Tsinikos

15:30–15:45 **NLO QCD+EW corrections to off-shell ttW**

Speaker

Giovanni Pelliccioli

15:45–16:00 **On the modelling of ttW multilepton signatures**

Speaker

Manfred Kraus

16:00–17:00 **Discussion**

17:00
