

# Implications of LHCb measurements and future prospects

## Thursday, 21 October 2021

**Stream 3a (Heavy ions) - 500/1-001 - Main Auditorium (13:45 - 15:15)**

**-Conveners: Benjamin Audurier**

time	[id] title	presenter
13:45	[84] Charged particle production in pPb collisions with LHCb	BOENTE GARCÍA, Óscar
14:10	[85] Heavy-flavour production in heavy-ion collisions with LHCb	WANG, Jianqiao
14:35	[86] Fully coherent energy loss effects on light and heavy hadron production in pPb collisions	ARLEO, Francois ARLEO, Francois
15:00	[87] Overview of heavy ion features and strangeness enhancement in Pythia	BIERLICH, Christian BIERLICH, Christian
