ROOT Overview Paper

Vassil Vassilev

Motivation

- The most recent motivation paper is from 2009: <u>ROOT - A C++ Framework for Petabyte Data Storage, Statistical Analysis and Visualization</u>

- We have several new technologies and several which are not maintained anymore

- We have a bunch of new contributors

- We should state what we have achieved since 2009

Do we need a new overview paper?

Process

- Assuming a positive answer to the previous question. I can propose the following process:

  - Create a google document

  - Agree upon a tentative content (split into sections)

  - Distribute the sections to the relevant experts

  - Iterate
