

Second African Conference on Fundamental and Applied Physics ACP2021

Contribution ID: 157

Type: Contributed Oral Presentation

D-meson Suppression and Azimuthal Anisotropy in a Strongly Coupled Plasma at $\sqrt{s_{NN}} = 5.5$ TeV with Comparison to LHC Measurements

Thursday, March 10, 2022 2:00 PM (12 minutes)

Abstract Category

Presenter: NGWENYA, Blessed Arthur (University of Cape Town, South Africa)

Session Classification: Parallel Session 2
