

Useful pointers for the review

From Jon

- Turn on video when speaking
- Business casual
- Raise hands when you want to talk
- L2s to direct questions (via hands up) in parallels
- Need to be in plenary room early 9:30 Eastern
- We will need candidates to take notes of the discussion – anybody?

Please make sure the pointers in your talks still apply to the new order of questions.

Remember to create a DocDB with your presentation. If you have problems, please let me/Tony/Rhoumela know. Please let Rhoumela know when you are done (and what is the DocDB number) so she can link the presentation to the indigo page.

The deadline is MONDAY morning (tomorrow!)

Finally, the agenda page currently shows all the presentations on Mon afternoon. This is clearly not going to happen. Half pdf them will happen on Mon afternoon and the rest on Tue morning.

Order: Cores, RE + Modules, SA

Or

RE and Modules on Mon and Cores and SA on Tue?

(reason: Masa will have a grilling on Tue during parallel sessions)
