

# Quantum digital simulation of the time evolution of quantum systems in the NISQ era

*Friday, 24 September 2021 10:25 (5 minutes)*

In this poster, we will explore the principles of quantum digital simulation of the time evolution of quantum systems.

## Scientific Area

**Primary author:** DIOGO COSTA GUIMARÃES, José (University of Minho)

**Co-author:** Prof. VASILEVSKIY, Mikhail (Centro de Física da Universidade do Minho)

**Presenter:** DIOGO COSTA GUIMARÃES, José (University of Minho)

**Session Classification:** Quantum Materials and Quantum Technologies

**Track Classification:** Quantum Materials and Quantum Technologies
