Scottish Shortbread

oOo

Coffee

Scotch Broth

oOo

Gruyere Cheese, Leek & Mushroom Flan

Vegetarian Cheese & Onion "Sausage Roll"

Individual Filo & Stilton Tart

oOo

Cranachan

Scottish Shortbread

oOo

Coffee

19:00 for 19:30

Location of Red Lion

Welcome

Hands-up

Course Objectives

The goals of this course are to give participants:

- An understanding of the concepts of Grid Computing and e-Research

- An orientation to the NGS and NW-GRID and how to access them

- Sufficient practical experience to allow initial use of NW-GRID services in future

Overview

Day 1

- **Concepts of Grid, the NGS and NW-GRID**

- **Basic grid services and computation services**

- **Connecting to the NW-GRID**

Day 2

- Data access and management

- A deeper look at NW-GRID and the future
