

GSoC 2021@CERN-HSF: Students showcase

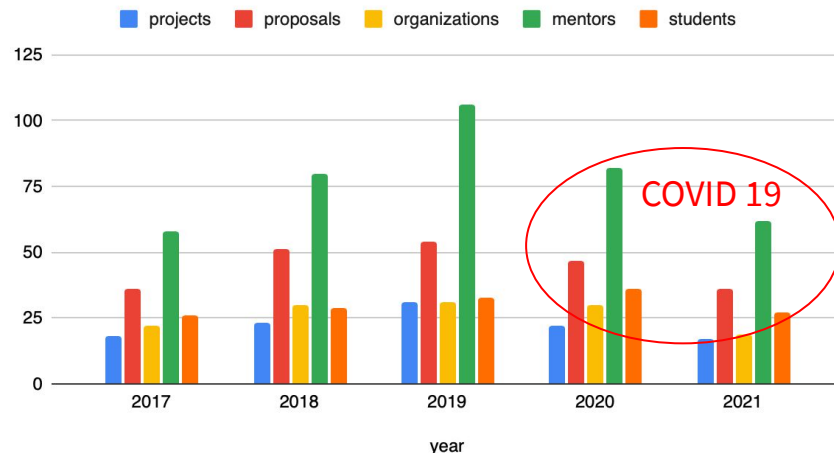

CERN-HSF Organization administrators:
Andrei Gheata, Antoine Perus and Xavier Valls

Google Summer of Code (GSoC)

- A very successful CERN-HSF GSoC year, despite very special conditions!
 - Number of accepted students: 27
 - Excellent success rate (so far one withdrawal), given COVID conditions
- Excellent projects, great work
 - Our community really appreciates it!
 - Thanks for the hard work and commi from you all!
 - Students AND mentors

CERN-HSF GSoC participation

Big thanks from the admins to all for following the rules and being on schedule!

Google Summer of Code (GSoC)

- Blogs
 - We will review and publish your blogs on our HSF GSoC site
 - Some guidelines for contributing available [here](#)
- Few of rules for this meeting
 - The session will be recorded and made available on the meeting page
 - We will share the screen with your talks, tell us when to switch to next slide
 - Lightning talks are 3 minutes, we have foreseen 1 minut for questions and discussion
 - Speakers having connection/audio problems will be postponed to the end

This is your show now, enjoy!
