JIRA tickets

- SPI-1946 - ATLAS: request for 88c – 88b without multiprocessing
- SPI-1945 – ATLAS: MadGraph 3.1.1 for LCG_88b (completed)
- SPI-1959 – SWAN: update seaborn 0.9.0 -> 0.11.2 (completed)
- SPI-1952 – LHCb: Upgrade of CatBoost to version 0.26.1 (completed)
- SPI-1963 - Update Geant4 to 10.7.p02
- SPI-1962 – Request to build Geant4 with Python modules (build fails, Geant4 ticket created)

LCG_101

- ROOT v6.24/04 is out. Added today to dev4 for testing.

- Epic JIRA ticket collecting your requests for updates for LCG_101:

  – https://sft.its.cern.ch/jira/browse/SPI-1932

  To facilitate the process I have created a list of packages in LG stack and the latest available versions - here (two sheets – for Python and not Python packages, no generators)

- Release candidate for LCG_101:

  - who can test RC? ATLAS, LHCb, SWAN?

  - list of platforms needed for such test.

Discussion/round-table

Next Meeting

- Monday, September 13
