

Session Program

8-10 Dec 2010

ISOLDE Workshop and Users meeting 2010
Fundamental Interactions and Astrophysics

CERN, 503/1-001 - Council Chamber

Thursday 9 December

10:20

Fundamental Interactions and Astrophysics

Session | Location: CERN, 503/1-001 - Council Chamber

10:20–10:50 **Present and future at GANIL**

Speaker

Heloise Goutte

10:50–11:10 **Neutrino-mass oriented spectrometry at ISOLTRAP**

Speaker

Dr Susanne Kreim

11:10–11:30 **Recent developments and results of WITCH**

Speaker

M. Breitenfeldt

11:30–12:00

The impact of the development of the Resonance Ionization Laser Ion Source (RILIS) on nuclear astrophysics at ISOLDE.

Speakers

Prof. Karl-Ludwig Kratz, Prof. William Walters

12:00
