Introduction

Attila Krasznahorkay, Christopher Jones, Kyle Knoepfel

Summer Progress

- Things have slowed down a bit in the group in the last months
- Will (try to) come back to regular meetings in the autumn!
  - If you have any topic proposals, definitely let us know 🙂

Today

HSF Frameworks WG Meeting

Wednesday Sep 8, 2021, 3:30 PM → 4:30 PM Europe/Zurich

Zoom Only

Attila Krasznahorkay (CERN), Christopher Jones (Fermi National Accelerator Lab. (US)), Kyle Knoepfel (Fermi National Accelerator Laboratory)

Description Meeting of the HSF Frameworks Working Group.

Minutes

Videoconference HSF Frameworks WG Meeting — Please log in

3:30 PM → 3:40 PM **Introduction** 10m

Short introduction to the meeting, overview of things past, present and future.

Speakers: Attila Krasznahorkay (CERN), Christopher Jones (Fermi National Accelerator Lab. (US)), Kyle Knoepfel (Fermi National Accelerator Laboratory)

3:40 PM → 4:20 PM **Multi-Threaded Callbacks in CMSSW** 40m

CMS's threading model is all about using callbacks, with the recently introduced syntax making it easier to write and read.

Speaker: Christopher Jones (Fermi National Accelerator Lab. (US))
