

Workshop summary - strategy for beam commissioning in 2011

Thursday 9 December 2010 12:05 (45 minutes)

A very first attempt is made to synthesis the outcomes of the workshop. A list of issues and prioritized actions will be presented. With broad brush strokes, the beam commissioning strategy for 2011 will be outlined and the requirements the different teams involved will summarized.

Presenter: LAMONT, M.

Session Classification: Session 7: Wrapping up
