

Compute Accelerator Forum HSF Reconstruction and Software Triggers Meeting

2022-03-09

Ben, Graeme, Maria, Michael, Stefan;
Andi, Dorothea, Jin

CAF / Reco and Triggers

- We thought today's meeting was an ideal crossover between the interests of our two groups
 - Let's have one meeting instead of two!
 - Happy to hear suggestions for other joint meetings with projects, if you have them
- Today we have talks from two of the prominent reconstruction projects from the LHC experiments
 - Patatrack, Andrea Bocci
 - ACTS, Beom Ki Yeo
- Next meetings will be
 - 16 March, Reco and Triggers, 4D Reconstruction Algorithms, <https://indico.cern.ch/event/1128087/>
 - 13 April, CAF Meeting, Topic TBC, <https://indico.cern.ch/event/1073641/>
- We are still planning our meeting series for this year, so **if you would like to present or to propose a topic, please get in touch**
 - compute-accelerator-forum-organizers@cern.ch
