

MD planning

- **Last week**

- **No dedicated MDs** because of LHC test beam and ion commissioning week
- Very busy week in terms of parallel MDs

- **This week**

- **Dedicated Linac3 MD** on Wednesday
- **Dedicated MD on FTN optics** on Thursday afternoon (no beam for nTOF)
- **Very busy parallel MD schedule** continues in all machines

- **Next week**

- **Dedicated Linac4** on Wednesday afternoon (12:00 – 18:00): MD6084 Adjustment of RFQ tuning
 - **No beam for proton physics**
