

Migrating from a commercial system to Open Source: Gitlab at DESY

Thursday, October 28, 2021 10:30 AM (25 minutes)

As ATASSIAN is changing its product offering, DESY has started to evaluate alternatives to the products from the firm's product portfolio.

For the field of repositories and CI/CD software development, a suitable replacement for Jira Software/Bitbucket/Bamboo was found in *gitlab*.

This talk will outline the pilot project, the current production system and the offering we make to users to help them during migration.
