

Welcome to HEPiX Autumn 2021

Peter van der Reest
European co-chair

2021-10-25

Programme

- Most regular tracks are present
- Workshop will be running from Monday through Thursday
 - Full program available online – www.hepix.org will always point you to the current event
 - Please check for updates in the timetable (force-reload in browser!)
- Morning sessions primarily accommodating Asia & Europe participants
 - 09:00h – 12:00h CEST
- Evening sessions primarily accommodating North America and Europe participants
 - 17:00h – 20:00h CEST
- All sessions will be recorded and made available online in due course

An online meeting...

...calls for video conference etiquette

- Mute your microphones at all times during presentations
- Please have your video stream disabled unless you are the speaker or the session chair
- During Q&A please activate your camera and microphone when asking a question
- Use the “hand” symbol in Zoom to make a request for questions
 - The session chair will call on you to pose your question
- For general comments do **not** use the Zoom chat
 - Only for urgent matters like bad audio or no slides visible etc

Comments and Discussions

- Of course HEPiX thrives on offline discussions and brief ‘coffee break’ exchanges
- These are –unfortunately- not possible this week; at least not in person
- Use the shared document at <https://notes.desy.de/nzHIRx9ESU2lf4IYDmrUwA>
(use a listed IdP where you have an account)
- Feel free to ask background questions to speakers, or initiate offline discussions with people sharing an interest

Group Photo

- Sebastian Lopienski started the online group photo tradition
- Idea: all interested participants turn on their video stream
- we do a screen grab of all
- Then Sebastian runs some clever scripts and produces a photo poster for all

- Two photo sessions before the coffee breaks on Tuesday
- If you want to participate: turn on your video; if not: leave it off
- If you have participated in the first event, you do not need to be present for the second

Finally

Have a great HEPiX conference

Share your thoughts and feedback with us,
either in the shared document or
via Email at hepixonference-org@hepixonline.org
