

# PORTAL to the Public

**FACE-TO-FACE WITH SCIENTISTS**

PORTAL  
to the Public

# What they said

"It gave me the opportunity to connect with the community, and it helped me to see the big picture with the research I'm doing."

# What they said

"I learned a lot about multi-way communication, working with different age groups, how to communicate my research - this is very valuable information / input."

# Implications for EPPOG

- Food for thought
- Portal staff ready to serve as resource to us
- Network waiting to be tapped  
(ECSITE, EPPCN, ASPERA, and?)
