

IFAST WP9 – 6 GHz split cavity

Taaj Sian, Graeme Burt, Oleg Malyshev, Reza Valizadeh, Harry Marks

6 GHz – Split Cavities

- Cavity A is with Reza for coating
- The coating system is nearly ready (pictured, see Reza's Talk)
- Cavities B and C are at DL and in the process of being sent to INFN for EP
- We are ready for low power SC tests the cavity as soon as it is coated
