

TeVPA 2022

Monday, 8 August 2022 - Friday, 12 August 2022

Scientific Programme

The scientific programme will cover five days of invited plenary and contributed parallel session talks. Topics to be discussed at the conference include:

Cosmic rays

Cosmology

Dark matter

Extragalactic sources

Galactic sources

Gamma rays

Gravitational waves and multimessenger

Particle physics

Cosmic Rays

Cosmology

Dark Matter

Extragalactic Sources

Galactic Sources

Gamma Rays

Gravitational wave and multimessenger

Neutrinos

Particle Physics
