6. Winter Science School
7. Research Camp *Planet in Your Hands*
8. Traveling Science Festival *Science in Motion*
9. Astronomical Club
10. Scientific News
11. Publishing
12. Development Policies Centre

Learning through play and fun

From leaf structure to the galaxy, from the caves to the stars, from mathematics of music to blast with no explosives, from lizards to robots, from solar trees to secret fashion styles ...

Research Camp *Planet in Your Hands* is directed to spread awareness of Montenegro as possible European model of sustainable environmental.

Authenticity and quality, which attracts an International Attention, stands out in the Summer School of Science at Ivanova Korita, attended by the best students from all parts of Montenegro. In addition to speakers from home and abroad, as well as from the scientific diaspora, the program is being implemented and assisted by students at prestigious universities in Europe and the United States.

Through lectures, workshops, films, quizzes, laboratory practicum and active independent work and panel discussions, talented students have the opportunity to meet challenges in preserving the environment and biodiversity.

All camp participants take part in the reforestation in the National Park Lovćen.

**Science is more than a mere accumulation of knowledge.
Science is also joy, because it is based on curiosity.**

One day trip

MEASURES FOR THE PURPOSES OF SUPPRESSING THE PANDEMICS OF COVID 19

15.10.2021 – 30.11.2021

- Foreigners can enter Montenegro across all border crossings with one of the proofs from National digital COVID certificate, which are:
 - ✓ Completely vaccinated with the prescribed number of dosages against the novel coronavirus prior to entering Montenegro, issued by a registered health care institution;
 - ✓ Negative PCR test on SARS-Cov-2 not older than 72 hours, issued by a registered laboratory;
 - ✓ Positive PCR or a rapid antigen test on the novel coronavirus (SARS-CoV-2), issued by a registered laboratory, and is older than 10 days, and not older than 180 days since the date of issuing the test's result;
 - ✓ Negative antigen rapid test-BAT, on the novel coronavirus (SARS-CoV-2) not older than 48 hours, issued by a registered laboratory.
- Mass/social gatherings (festivals and similar) are possible to be held having national digital COVID certificate or one of the following proofs:
 - ✓ Completely vaccinated or vaccinated against COVID-19;
 - ✓ Negative PCR test on SARS-Cov-2 not older than 72 hours;
 - ✓ Proof that a person has recovered from COVID-10 (passed not less than 10 days and not more than 180 days from a positive PCR or a rapid antigen test);
 - ✓ Negative antigen rapid test not older than 48 hours.
