

Session Program

3-5 Oct 2010

High precision measurements of luminosity at future linear colliders and polarization of lepton beams

***Beam tests at DESY - Chairperson: Lucie
Linssen***

Tel Aviv University, R. and B. Sackler School of Physics and Astronomy, Shenkar building, Melamed Hall
Tel Aviv University Campus, Ramat Aviv

Sunday 3 October

11:40

Beam tests at DESY - Chairperson: Lucie Linssen

Session |

Location: Tel Aviv University, R. and B. Sackler School of Physics and Astronomy, Shenkar building, Melamed Hall, Tel Aviv University Campus, Ramat Aviv

11:40-12:10

Preparation of multi-channel readout for testing a GaAs pad sensor

Speaker

Mr Hans Henschel Henschel

12:10-12:40

Tests for preparing the GaAs test beam at DESY

Speaker

Mr Sandro Kollowa

12:40
