

Session Program

3-5 Oct 2010

**High precision measurements of luminosity at
future linear colliders and polarization of
lepton beams**

***Simulations - Chairperson: Ivanka Bozovic-
Jelisavcic***

Tel Aviv University, R. and B. Sackler School of Physics and Astronomy, Shenkar building, Melamed Hall
Tel Aviv University Campus, Ramat Aviv

Sunday 3 October

16:50

Simulations - Chairperson: Ivanka Bozovic-Jelisavcic

Session |**Location:** Tel Aviv University, R. and B. Sackler School of Physics and Astronomy, Shenkar building, Melamed Hall, Tel Aviv University Campus, Ramat Aviv

16:50–17:20

Reconstruction of high energy electrons on top of beamstrahlung background in BeamCal

Speaker

Mrs Madalina Stanescu-Bellu

17:20–17:50

Single electron reconstruction efficiency in BeamCal

Speaker

Olga Novgorodova

17:50–18:20

Comparison of test-beam data with MC simulation

Speaker

Dr Bogdan Pawlik

18:20
