

Session Program

3-5 Oct 2010

High precision measurements of luminosity at future linear colliders and polarization of lepton beams

***Special lecture - Chairperson: Wolfgang
Lange***

Tel Aviv University, R. and B. Sackler School of Physics and Astronomy, Shenkar building, Melamed Hall
Tel Aviv University Campus, Ramat Aviv

Tuesday 5 October

09:30

Special lecture - Chairperson: Wolfgang Lange

Session |

Location: Tel Aviv University, R. and B. Sackler School of Physics and Astronomy, Shenkar building, Melamed Hall, Tel Aviv University Campus, Ramat Aviv

10:20

09:30–10:20

LHC long term upgrade plans and the CERN accelerator R&D

Speaker

Gijs De Rijk
