

Session Program

3-5 Oct 2010

High precision measurements of luminosity at future linear colliders and polarization of lepton beams

CLIC cont'd - Chairperson: Bogdan Pawlik

Tel Aviv University, R. and B. Sackler School of Physics and Astronomy, Shenkar building, Melamed Hall
Tel Aviv University Campus, Ramat Aviv

Monday 4 October

16:30

CLIC cont'd - Chairperson: Bogdan Pawlik

Session |

Location: Tel Aviv University, R. and B. Sackler School of Physics and Astronomy, Shenkar building, Melamed Hall,
Tel Aviv University Campus, Ramat Aviv

16:30–17:00

CLIC oriented triggerless readout with time and amplitude reconstruction

Speaker

Mr Szymon Kulis

17:00–17:30

Trident events in beam-beam interactions and update on background studies at CLIC

Speaker

André Sailer

17:30
