Reports from all users request' ... ion or Muon beam.

**Afternoon Session
USER SESSION !!**

ZOOM Only !

(Hopefully for the last time)

**Speaker : Please share your slides from your computer.
In case of problems, I will share your slides.**

After your talk, there will be a few minutes for questions.

All : Please mute your microphone during the presentations
For questions, please use the Chat window.
Questions will be taken in order.

If there is an urgent question that needs to be addressed during the presentation, please raise your hand & I will call you.

**I would like to encourage the speaker to enable video.
Same if you ask a question or have a comment.**
Otherwise I would propose to have the video off.

... so let's start !
