

Phenomenology 2022 Symposium: From Virtual to Real

Tuesday, 10 May 2022

DM VI (16:30 - 18:30)

-Conveners: Debasish Borah

| time | [id] title | presenter |
|-------|--|---------------------------|
| 16:30 | [198] Secondary Tau Neutrino Probes of Heavy Dark Matter Decays | HYDE, Jeffrey |
| 16:45 | [181] The Migdal Effect in the Hydrogen Molecular Ion | HARRIS, Ian |
| 17:00 | [76] Measuring the Migdal Effect with Neutrons | ADAMS, Duncan |
| 17:15 | [106] Non-perturbative effects in a simplified t-channel dark matter model | MOHAN, Kirtimaan Ajaykant |
| 17:30 | [49] Bound state effects on dark matter coannihilation - pushing the boundaries of t-channel mediator models | HEISIG, Jan |
| 18:00 | [107] Higgsino Dark Matter Theory and its Experimental Probes | SHEFF, Benjamin |
