

PBC GENERAL WG MEETING WRAP-UP

Introduction to discussion

(personal views)

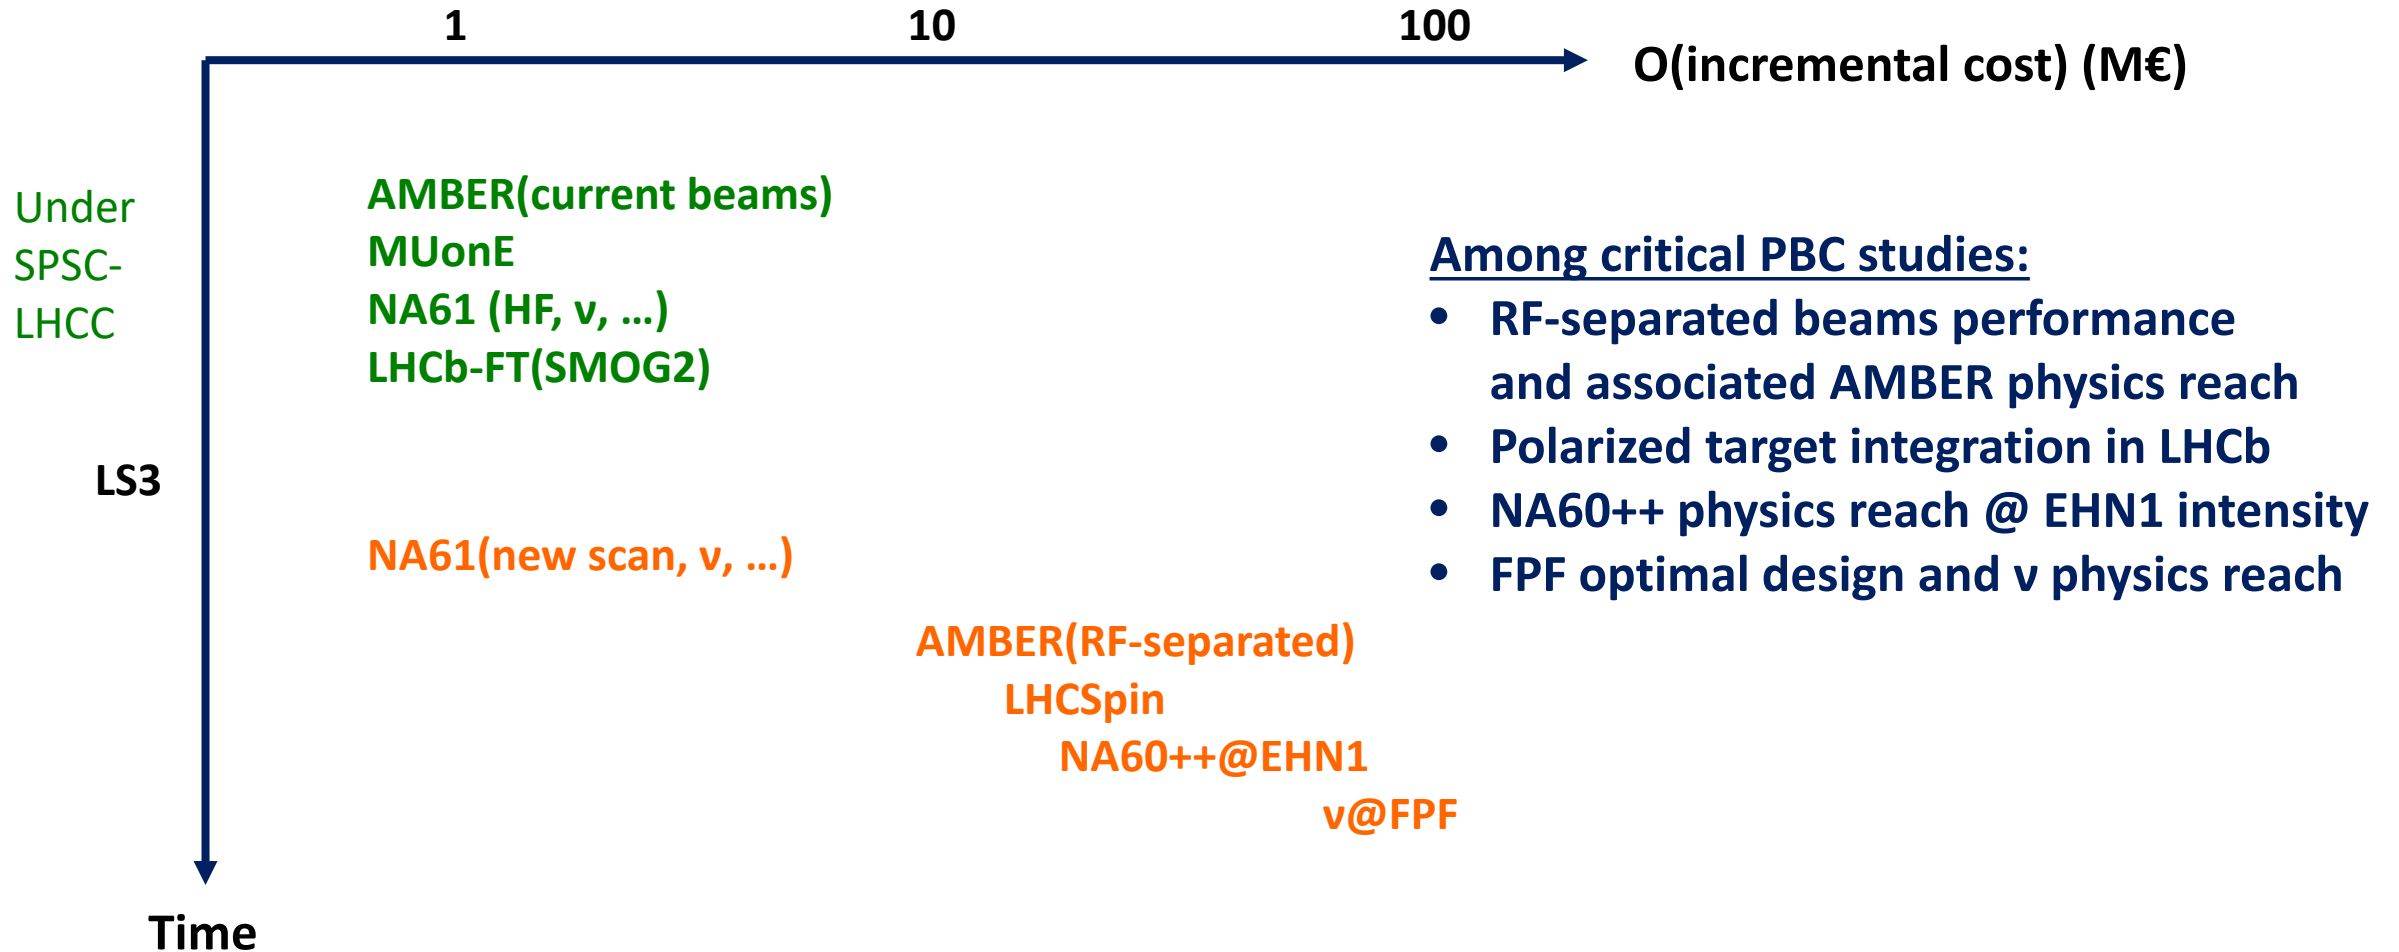

*Many thanks to all contributors to this meeting:
Impressive progress in many domains from a very motivated PBC community!*

Reminder: ~3 MCHF/Year secured in CERN Medium Term Plan for PBC activities

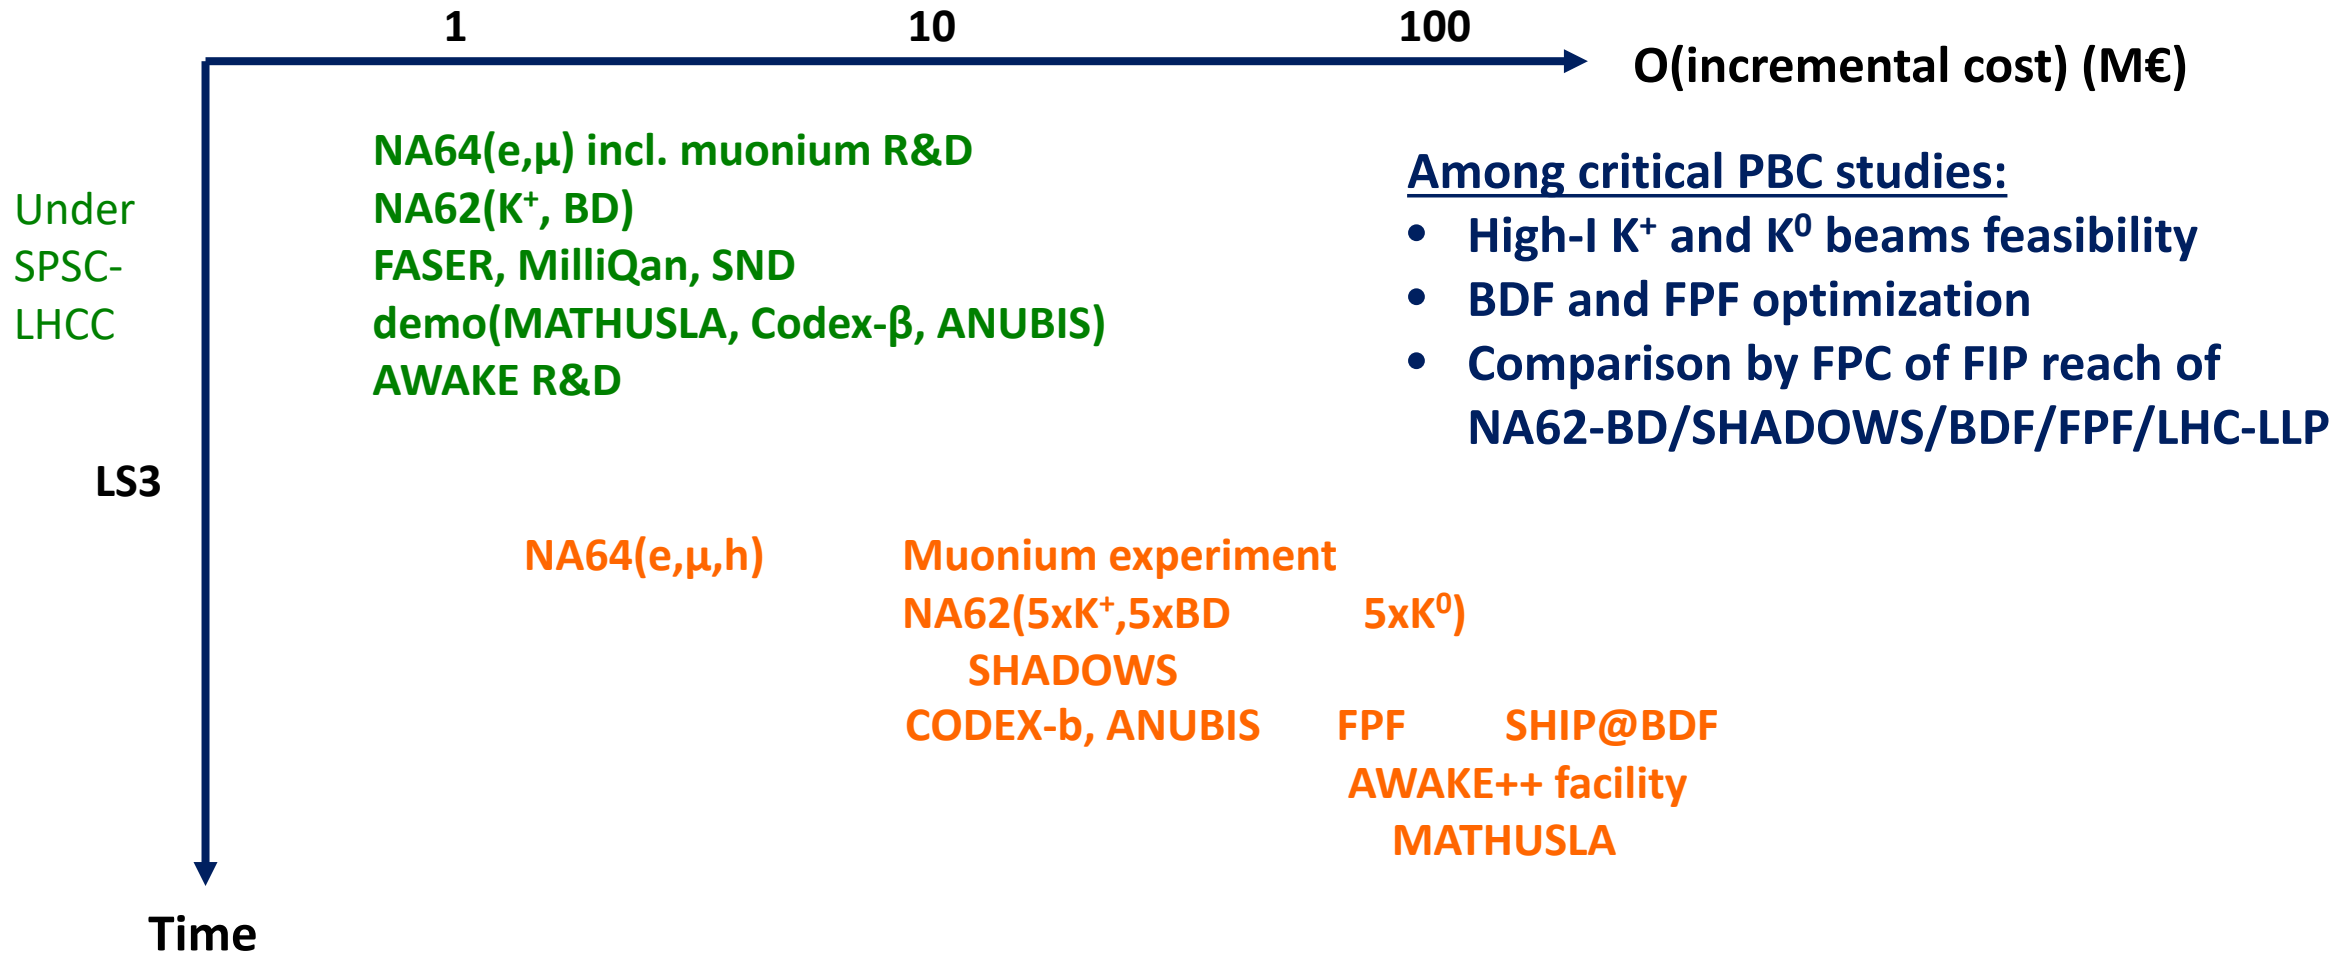

What are the main issues to be addressed to prepare the choice of new post-LS3 projects?

NB: prioritization/decision on projects NOT within the PBC mandate

QCD-ORIENTED MAIN PROJECTS

BSM-ORIENTED MAIN PROJECTS
