

Tenth International Fermi Symposium

Monday 10 October 2022

Parallel 1: Pulsar I (16:00 - 17:30)

-Conveners: Christo Venter

time	[id] title	presenter
16:00	[102] Joint Pulsar Studies with the FAST Radio Telescope and the Fermi LAT	Dr SAZ PARKINSON, Pablo
16:15	[176] _	
16:30	[146] The high-energy gamma-ray emission of globular clusters	EVANS, Addy
16:45	[147] Origin of pulsar radio emission	TIMOKHIN, Andrey
17:00	[182] _	
17:15	[48] Constraining the multipolar magnetic field of millisecond pulsar PSR J0030+0451 via NICER X-ray light curve fitting	KUNDU, Anu
