

Tenth International Fermi Symposium

Tuesday 11 October 2022

Plenary 3: Pulsars (09:00 - 10:30)

-Conveners: Patrizia Caraveo

time	[id] title	presenter
09:00	[127] Looking at the X-ray sky with polarized lenses	MANFREDA, Alberto
09:30	[13] The Galactic population of canonical pulsars	DIRSON, Ludmilla
09:45	[92] Interpreting the high-energy sub-exponentially cutoff spectral shape of the Vela pulsar	VENTER, Christo
10:00	[144] Searching for Gravitational Waves with Gamma Rays	KERR, Matthew
