

# Tenth International Fermi Symposium

## Wednesday 12 October 2022

### Plenary 6: GRB & GW (11:00 - 13:00)

-Conveners: Makoto Arimoto

time	[id] title	presenter
11:00	[163] Electromagnetic radiation from binary neutron star mergers	PIRAN, Tsvi
11:30	[31] Very-high-energy gamma rays from gamma-ray bursts	ZHU, Sylvia Jiechen
12:00	[122] Fermi GBM - 14 years in operation	VON KIENLIN, Andreas
12:15	[76] Searching for GRB Counterparts to Gravitational-wave Events from the Third Gravitational Wave Observing Run with Fermi-GBM and Swift-BAT	WOOD, Joshua
12:30	[8] Onset of particle acceleration during the prompt phase in GRBs	RYDE, Felix
12:45	[40] Probing into emission mechanisms of GRBs using time-resolved spectra and polarization studies	GUPTA, Rahul
