

Tenth International Fermi Symposium

Friday 14 October 2022

Parallel 12: GRBs and Fast Transients-II (09:00 - 10:30)

time	[id] title	presenter
09:00	[16] Pulse fitting of short GRBs with known redshift detected by Fermi Gamma Ray Burst Monitor	Ms MAHESO, Dimakatso Jeannett
09:15	[44] Demystifying the Prompt Emission of Gamma Ray Bursts	PARSOTAN, Tyler
09:30	[4] Radiation-mediated shocks in gamma-ray bursts observed by Fermi	Dr SAMUELSSON, Filip
09:45	[56] Photons' scattering in a relativistic plasma with velocity shear: generation of high energy power-law spectra	PE'ER, Asaf
10:00	[32] Implications of Cutoff observed in Fermi-LAT GRBs spectrum	CHAND, Vikas
10:15	[15] Studying the viewing geometry of sGRBs and central engine using prompt emission	SHARMA, Vidushi
