

11th International Workshop on Ring Imaging Cherenkov Detectors
(RICH2022)

Contribution ID: 89

Type: **not specified**

**The control of refractive index and chromaticity in
gas radiators of large Cherenkov detectors:
a challenge in the era of diminishing fluorocarbon gas
availability.**

Wednesday 14 September 2022 12:00 (40 minutes)

Presenter: HALLEWELL, Gregory (Centre National de la Recherche Scientifique (FR))

Session Classification: Technological aspects and applications of Cherenkov detectors
