

# GDB Introduction

Josep Flix [PIC/CIEMAT]

Mattias Wadenstein [University of Umeå]

GDB, 14<sup>th</sup> December 2022: **Hybrid meeting**

# Meeting Details (Covid-19 matters)

**CERN & Covid-19 : What's new this week**

<https://hse.cern/covid-19-information>

Travels and use of CERN rooms are permitted

We have been running the GDB in Hybrid-mode since May 2022

We encourage participants to travel to CERN, and increase the **in-person audience to GDB** meetings (if possible)

# Meeting summaries

The co-chairs try to take notes for the meetings, but sometimes we are busy running the meeting the notes can possibly be lacking (**in fact they are!**):

<https://twiki.cern.ch/twiki/bin/view/LCG/WLCGGDBDocs>

- if **you take notes, please share them with us**, so we can merge the information and make the summaries more complete
- We **record** the sessions **LIVE** as we integrate the videos into the agenda as well

→ I am late adding videos from recent GDBs (My apologies!)

# Next pre-GDBs

## **Power Load Shedding**

Interest in a pre-GDB based on feedback after recent talks? Alastair tried to organize it for Dec. 2022, but the call was so-close to the date that it was difficult to get it done.

## **CTA migrations**

[follow-up from November 2021 pre-GDB] - get together and discussions from sites migrating or already migrating to CTA, CTA and Storage Services developers

# Remote GDB

## **March 2023 GDB will occur in Taipei, co-located at the ISGC2023:**

International Symposium on Grids and Clouds (ISGC) 2023 (in person)

19-24 March 2023, Academia Sinica, Taipei, Taiwan

<https://indico4.twgrid.org/event/25/>

# pre-GDBs/GDBs organization

Please consider using pre-GDB lots to organize topical sessions!

Let Mattias and myself know if you have topics to bring to the thematic pre-GDBs or GDBs

Also, let us know if you would like things to happen/improve!

You can email us or use the **GDB mattermost channel**:

<https://mattermost.web.cern.ch/wlwg-gdb/channels/wlwg-gdb>
