

# Zimányi School 2021

## Monday 6 December 2021

### Hydro, Transport, Centrality - 7.22 Kari Tanácsterem (7th floor Council Room) (16:20 - 18:00)

time	[id] title	presenter
16:20	[108] Normal and anomalous transport in large and small collision-systems	LACEY, Roy Alphanso LACEY, Roy
16:45	[109] Effects of subnucleon structure in small and large collision systems	SCHENKE, Bjoern
17:10	[110] Nuclear shape imaging using hydrodynamics in high-energy heavy-ion collisions	JIA, Jiangyong
17:35	[111] Chiral Magnetic Effect from Anomalous-Viscous Fluid Dynamics simulation framework	SHI, Shuzhe
