

Zimányi School 2021

Thursday, 9 December 2021

Small and Very Small Systems - 7.22 Kari Tanácsterem (7th floor Council Room) (15:00 - 16:44)

time	[id] title	presenter
15:00	[76] Tracing the emergence of collectivity in the small systems	SINGH, Pragya
15:25	[77] Glueball glueball scattering and the Glueballonium	TROTTI, Enrico
15:43	[78] Diphoton production in heavy-ion UPC	KLUSEK-GAWENDA, Mariola KŁUSEK-GAWENDA, Mariola
16:01	[79] Feasibility studies of charge exchange measurements in pp collisions	FEHERKUTI, Anna
16:19	[80] Validation of Glauber model for centrality determination in small system collisions	RAMASUBRAMANIAN, Niveditha
